THE PRESIDENT'S PAGE

VERY REV. WILLIAM J. MURPHY, S.J.

The War Fund has been the great Alumni achievement of the year, second only to the heroic record of Boston College men in the war. By this time we may state that the goal of the Fund will surely be attained within a very brief period. Like Horace's shipwrecked sailor who climbed panting onto the shore and hastened to hang up his votive offering, the College now acknowledges its debt of thanks:

to the Chairman, Mr. Jeremiah W. Mahoney, '21, who has given the major portion of this year of his life to his Alma Mater.

to the Co-Chairman, Mr. William J. Sheehan, '22, whose experience, sure judgment and unflagging devotion were indispensable.

to the many class representatives, such as Father Lavery, '17, who were the life-lines of the campaign.

to the chairmen of the various divisions, alumni and non-alumni, who so successfully brought the cause of the College before the business community.

to all who contributed. Without your individual gift the Fund would not have been successful.

To the many who offered their prayers for the needs of the College.

To God, Who is faithful.

Boston College has always been avowedly a Catholic college, founded to provide for the higher education of Catholic young men and dedicated, not alone to the advancement of learning, but also to the diffusion of Catholic culture. Yet a substantial share of the total fund, including some of the larger individual donations, has come from men and women of other faiths — their pledge of common interest and good will.

We cannot now state whether the Fund will be sufficient to maintain all our schools, even in the present skeleton condition, until the end of the War. The length of the War, demobilization, Selective service, the proposed compulsory military service, post-war adjustments in business and industry are still unknowns. But the year which has already commenced will find Boston College securely preparing for its post-war responsibilities in all its departments.

68th Commencement

Address by
Bishop Cushing

Front Row: (left to right) Mr. P. A. O'Connell, Doctor of Laws; Bishop Cushing; Mr. Gardiner Howland Shaw, Assistant Secretary of State, Doctor of Civil Law.

Rear Row (left to right) Very Rev. William J. Murphy, S.J., President of Boston College; Mr. Joseph L. Powers, Doctor of Humane Letters; Rev. Maurice J. O'Connor, Doctor of Laws; Mr. Francis Parnell Murphy, Doctor of Civil Law.

The Sixty-Eighth Commencement exercises were held on Thursday, June 15, in the Library Auditorium. One hundred and sixty-eight candidates for degrees from the different schools listened to addresses by Most Reverend Richard J. Cushing, '17, Administrator of the Archdiocese of Boston, and Honorable G. Howland Shaw, Assistant Secretary of State.

Honorary degrees were conferred upon the following: G. Howland Shaw and Francis P. Murphy, former governor of New Hampshire, and Ambassador to Norway, Doctor of Civil Law; Patrick A. O'Connell, President of E. E. Battery Company, Boston, and Rev. Maurice O'Connor, '93, pastor of St. James' Church, Arlington, Doctor of Laws; Joseph L. Powers, '09, Headmaster of Public Latin School, Boston, Doctor of Humane Letters.

Actually the graduates of the College of Arts and Sciences and the School of Business received their degrees on Sunday July 23, in St. Mary's Chapel. 32 out of a class that numbered 600 in Freshman year graduated 11 months ahead of time under the accelerated program.

In his address Bishop Cushing said in part: "Your education, your philosophy of life is not only the way to eternal happiness, but also the way to peace on earth, between man and man and between nation and nation. It is the blue-print of a perfect life from a Divine Architect. You have a duty before you. You

must so act that the world will accept your kind of education and adopt your philosophy. That education is in danger — not only from false theories in the world around it but also from complacency within. To preserve it you must practice it. You must live it.

"You have no right to sit on the side-lines in pharisaical smugness while graduates of secular colleges tackle the problems of society. You know the signals, you have the training, you must go into action or you will be traitors. You have no right to wait for orders; your orders have come with these diplomas — you are to lead the way to the victory of justice. That philosophy of yours is not a decoration, it is a weapon; and you have orders to go ahead and use it. May God be with you.

"But remember you cannot keep what you have received from your Alma Mater unless you live it. She graduates you as her ideal of educated men. You will fail, not in so far as you do not rise to this or that worldly pinnacle, but in so far as you do not build your lives according to the plan of God, in so far as you miss the supreme objective of life, holiness; not for self-decoration, but holiness as a means to an end, the end being union with God, the realization of His Kingdom and the accomplishment of His will. This is the will of God: your sanctification. That is the goal of your education.

ON THE HEIGHTS

With the resumption of classes for many of the students on August 21 several changes were noticed. On the front cover is a picture of three moving vans before St. Mary's Hall. The answer is that the Jesuits moved back into it after living in houses in the neighborhood of the campus since a year ago July when the Army came to B. C.

The student body is divided into five classes and by September 25 there will be six when the new Freshman class enters. So after that date there will be three Freshman classes, two Sophomore classes, a Junior class, and no Senior class, a situation caused by the accelerated program. The present tendency however, is towards the pre-war schedule. Apparently in the future the Freshman and Sophomore years will be accelerated for the benefit of students affected by the Draft law at the age of 18. The Junior and Senior years will probably be of normal length for students not affected by the Draft law.

Last May there were about 250 comprising the student body, the smallest number since B. C. moved to the Heights. From now on the number should increase. This month there are about 200 in school to be supplemented by between 170 to 200 entering Freshman. It will be a long while before the normal enrollment of about 1600 is reached, but at last the pendulum has swung in that direction.

Among the faculty Father Edward J. Sullivan, S. J., comes to the College from B. C. High as Dean of Discipline, succeeding Rev. William A. Shanahan, S.J., who has been assigned to Jamaica. Father Sullivan held the same position for many years at the High School.

Frs. Francis X. Wilkie, S.J., John W. Ryan, S.J., and Henry A. Callahan, and Mr. George J. McKeon, S.J., are new members of the faculty.

To Pomfret, Conn., for tertianship have gone Fathers Joseph L. Barrett, S.J., Robert B. MacDonnell, S.J., Anthony Eiardi, S.J., and James W. Ring, S.J. Father George Morgan, S.J., has gone to B. C. High.

The Senior Class of Boston College High School is now attending classes at the College. One hundred and eighty-five students have been transferred to the campus because B. C. High is overcrowded with an enrollment of 1400. With the reduction in students at the College there is ample room to accommodate them. Rev. Joseph E. McGrady, S.J., Assistant Principal, is in charge. The boys attend classes on the second and third floors on the right hand side of the Tower Building, and in no way associate with the regular students. Teaching the Seniors are Fathers McGrady, S.J., Joseph A. Murphy, S.J., and James L. Foley, S.J., assisted by several members of the College faculty including Fathers Cotter, John E. Mur-

phy, S.J., John J. Murphy, S.J., Thomas B. Feeney, S.J., and Sydney Smith, S.J. Also on the teaching staff are Messrs. Quindon, S.J., and Crowley, S.J. Mr. Andre de Beauvievier is the only layman.

ALUMNI DAY

Alumni Day was held on June 12 in the Tower Building where about 400 graduates gathered for dinner and the program that followed. Highlight of the evening was the presentation of the William V. McKenney Medal to Jeremiah W. Mahoney, '21, in recognition of his successful work as chairman of the War Fund.

The exercises were concluded with the annual play written by Bill Marnell, '27, and Jack Buckley, '28.

RED MASS

The fourth annual Red Mass will be celebrated October 7 at the Immaculate Conception Church, Boston, at 10 a. m.

Mr. O'Keefe, Dean of the Law School, has announced that the sermon will be delivered by His Excellency, Most Rev. Richard J. Cushing, D.D.

ADVISORY BUREAU

The Association has joined the alumni groups of 19 eastern colleges to inaugurate an Advisory Bureau to be located at the Harvard Club in Boston. The function of the bureau will be to encourage college men who have returned from the war to consult the bureau either for help in determining the advisability of a return to college, or for aid in being directed to employment.

Alumni President John A. Canavan, '18, who is a member of the executive council of the bureau, has been advised that full details will be announced later.

TREASURER ON LEAVE

Lt. Commander William M. Cashin, '18 USNR, Treasurer of the Association, has been granted a leave of absence. Until he returns Jack Hayes, '30, Alumni Secretary, will be Acting Treasurer.

Bill has been transferred to Del Monte California, where he is Commanding Officer of the Elementary Electrical and Radio Equipment School at the Naval Training Station. He had been in charge for the past two years of the Naval units at the Hotel Victoria in Boston, but was transferred when the "US Victoria was decommissioned" recently.

SCHOOL OF SOCIAL WORK

The Very Rev. William J. Murphy, S.J., President of the College, announced on June 14 the appointments of Rev. James D. Sullivan, S.J., as Regent of the School of Social Work, and Miss Dorothy L. Book, who has been serving as Acting Dean since February, 1943, as Dean.

Father Sullivan, born in Springfield, is a graduate of Holy Cross College. He received his Master of Arts Degree from the College and a S.T.L. degree from Weston College. Father Sullivan previously taught at the College as a professor of Psychology. He is well known as a public speaker. During his studies at Weston College he engaged in research work relating to problems in family life.

The school opened September 25 with almost a normal first year class, although the students were all women.

SPORTS

FOOTBALL

☛ The 1944 football season opened on September 5 when about 90 candidates reported to Coach Sarno for practise. Visitors were Ensigns Eddie Doherty, '44, and Walter Fitzgerald, '44, and the ever loyal rooter, Father Cunningham of Dorchester.

As the NEWS goes to press it is too early to determine the quality of the team. It is evident that "Moody" must work fast to uncover a quarterback to direct T plays in time for the game with Harvard on October 7. The opening game, by the way, will end up the season for Harvard.

Eddie Minahan, formerly of the class of 1923, has been engaged as assistant to Sarno, coaching the line. Minahan first played ball for Cavanaugh in 1919, later transferring to St. Bonaventure's, whence he graduated. For 12 years he coached the teams at St. Charles High School, Waltham, where he succeeded in turning out five championship outfits despite the paucity of material.

Another change is the appointment of Rev. John A. O'Callaghan, S.J., as Faculty Director of Athletics. Father O'Callaghan, who is a Professor in the Department of English, succeeds Father Ring.

Graduate Manager John P. Curley, '13, has issued the following statement about the policy of the Athletic Association in wartime:

"Due to the dislocations of war, the College enrollment has decreased from 1700 to less than 300, and of necessity the football schedule has had to be modified. The schedule-making has gone on, however, and Boston College is keeping close contact with colleges such as Tennessee, Alabama, Georgia, Tulane, Kentucky and Vanderbilt, teams of number 1 calibre. In addition, the College has been endeavoring to form relationships with outstanding Eastern teams such as Syracuse and New York University, both of which appear on this year's diluted schedule. It is hoped that these two schools will remain as fixtures on the post war schedules.

"Holy Cross, Fordham and Georgetown, colleges which year in and year out present first class football elevens, and which have attained great popularity in Boston, will always make up the nucleus of the schedules.

"It is hoped that the friendship engendered

JACK RYDER

☛ The Alumni heartily congratulate Jack Ryder upon the completion of his twenty-fifth year as Coach of Track at the College. Jack came to the Heights in September, 1919, at the end of the last war. Starting his 26th year, he has the smallest team that ever trained on Alumni Field. In addition to his duties as Track Coach, he has been appointed Director of Physical Education for the current year.

BOSTON COLLEGE

OUR ATHLETIC SAGA

📖 "Athletics at Boston College," by Nathaniel J. Hasenfus, '22, A.B., Ed.M., Ph.D. (The Heffernan Press, Worcester, Mass.) is the answer to decades of prayer for an authentic history of the feats of Boston College men in the world of sport. This first volume with 355 pages and 461 illustrations covers football and hockey. It should be in the home and on the guest table of every B. C. alumnus and undergraduate. The Alumnae should want it for their sons, and the Subway Alumni can claim it as documentary evidence of the money and lung power they have expended over the years in cheering the doughty sons of B. C. on to victory.

Dr. Hasenfus' compilation is thorough. I can do no better than quote from Father Maurice Dullea's Foreword: "No item was too slight for his notice; no research too laborious for his zeal." It is literature, written in cultured, inspiring English, that unconsciously confers upon Boston College athletes the title, so richly deserved, of the aristocracy of sport. When I dove through the book my first impulse was to write Dr. Hasenfus, as I did, that he had caught and beautifully expressed the spirit of Boston College sportsmanship,—"that whether poor as Job's turkey or revelling in big game receipts and fat guarantees, we have always given battle, the best that is in us, and have never for a moment wavered in our love of the game, football, hockey, basketball or track."

There are sixteen chapters, which treat of the development of athletics at the College for over seventy years, consecutively, and in periods of particular climax and recession. The men who initiated and shaped policies in sport are given their proper place and praise. The Faculty policy, varying at times, is fairly presented. Between 1902 and 1908, when athletics went into eclipse, many of us were resentful; we naturally felt that the design was to carry on as just another listless day school, immersed in its books. But the Faculty faced a condition, not a theory. So-called big minds, unfriendly to higher Catholic education, ignorantly cast doubt upon our academic qualifications. It was the part of wisdom to confound these critics by making sure that athletics were not the preoccupation of the student body. Many years later, John T. (Terry) McGovern, in a survey for the Carnegie Foundation, paid just tribute to Alma Mater for her wise re-

straint upon sport. And even when our Rector shut down on athletics, President Butler banned football at Columbia University, because players and managers became infected with the notion that they were immune from college discipline; the game there took the count for ten years. On the other hand, the afflatus of athletics at B. C. for the past thirty-five years, as in no other American colleges, seems almost providential. Football became nationwide for youth in all conditions and occupations. Baseball has not waned. Hockey and basketball have had a marvelous vogue.

There is one chapter of Dr. Hasenfus' opus that you will want to read time and again — "All-Time Boston College Football Games." When life is low it will snap you back like a shot of old stimulant. It reminds me that in 1899 James B. Connolly, great writer, great athlete, and great lover of Boston College, said that in football we would live to see Catholic colleges top the Big Four, Yale, Harvard, Princeton and Pennsylvania. The prediction seemed fantastic. Yet in 1919 and 1920 I sat, or rather went out of my mind, in the Yale Bowl as I watched Major Cavanaugh's men, the *ne plus ultra* of his coaching genius, sweep down the field, strike with berserk fury, and belt the Blue into submission before the frenzied cohorts of the Maroon and Old Gold. Turn to page 231, and look at the picture of that team; the power, the alertness, the repose; and "Cav" sitting behind them, never more youthful and happy. Education! Why, when Andrew Lang was asked what he considered the most classic sight in Oxford, did he not say that it was the Hellenic grace of her half-mile runners? And there are many more eye-fuls throughout this book to stir college memories, for the author has collected photos and sketches with the zeal of an archeologist. Nor do I wish to make invidious comparison in referring to the 1919-1920 triumphs. There were great heroes before and after, some of them super great, as in the last minute of play in the Sugar Bowl on New Year's Day 1941; and there were no finer gamesters than the lads under Captain Eddie Doherty in 1943, who battled Harvard to a tie before 45,000 in the Stadium, and with their gallant adversaries won golden tributes from the whole sports world.

The two chapters on hockey are more than absorbing, and to us of the 90's, a revelation. We had not realized its epic importance. The Mighty Morrissey Clan, five brothers, look at you out of the first page of the story, and then comes the pioneer group, with my classmate, Joe Loughry; the captain and "college publicist," Jim O'Connell; and all round Bill Lyons, now *bene parochus*. From that modest but sporting start B. C. on ice went everywhere, met and defeated all-comers in the U. S. A. and Canada.

JOHN B. DOYLE, '99.

B. C. REPORTER IN LONDON

(The following are a few observations by Huck Finnegan, '25, who was a correspondent for the Boston American this summer in Europe. He visited England, Ireland and France in his travels, returning to this country this month.)

It was long before D-Day, long before the advent of the buzz-bomb when our convoy crossed the Atlantic. Submarines were still on the prowl but our destroyer escort was so effective that the crossing was actually a pleasure cruise.

There were few Boston College boys on our troopship, but there was a delightful personality in Rev. Victor J. Dossogne, S.J., a chaplain. Fr. Dossogne was a Belgian. As a boy of 14 he had seen Louvain University's renowned library destroyed by the Germans. As a cleric in the Belgian army he had seen it destroyed again in '40. He escaped to Spain when Belgium surrendered in '40, came to the United States, taught history at Loyola (New Orleans), became a citizen and now was going back, enthusiastic in his new mission. The other Catholic chaplain aboard was Fr. Vincent J. Hines, East Haven, Conn., who had studied five years in St. Sulpice, France, and was a linguist of note.

There was a Lt. Gould of Cambridge and a Lt. William Gifford of Milford, who had completed B. C.'s pre-med course in '38 and now was a surgeon; and an Edward Donelan from Fitchburg who still had hopes of studying at B. C. and entering the priesthood.

England was aquiver at the time, everybody trying to guess the date of D-Day. All ground troops were locked to correspondents, so to dig

out some Boston boys we trooped to Ireland. Charlie O'Rourke was in Londonderry, but being accredited to the Army there was little chance to visit him. But there was a Capt. Robert J. Brennan of Dorchester, B. C., '37, who is a physician. And en route we met Col. James H. O'Neill of Chicago, Senior Chaplain in Gen. Patton's army who had frequented St. Ambrose's parish when attached to the First Service command several years back. There was a Corp. Dave Merrick, B. C., '41 (brother of the late Dr. Frank, '27) and a S-Sgt. Bill Miller who hoped to complete his B. C. course under the GI Bill of Rights.

The buzz-bombs were raising havoc upon our return to London. Women and children were again sleeping, by the thousands in draughty subways. The buzz-bomb, or robot, is the most lethal machine ever devised by the sons of Mars. It spreads fear and destruction in equal proportions. We saw 24 bodies pulled out of the debris caused by one bomb, 24 by another. Damage was tremendous, because London is a vast area of 20 square miles and most of the residences are of the tenement type, old brick structures probably centuries old. There are no wooden houses in the British Isles. There's no wood.

There was little sleep to be had unless one lived at a hotel built as solidly as the Statler. And there are few of those in London. The famed Savoy had its windows blasted twice in two weeks.

So as the officers on leave huddled at the bar and were sent basementward by the robots, one and all decided: "Normandy is much safer." Which it was.

In addition to thousands of graduates and students in the Armed Forces there are many other with the FBI, Red Cross, or the USO.

At a dinner this month at the Harvard Club it was announced that Maurice F. Whalen of Newton had been appointed Regional Executive of New England for the USO.

Mr. Whalen was born in Newburyport, graduated in 1933 and has taken post graduate courses in education, organization guidance and counseling at the Graduate School, Boston University Graduate School of Education, Fitchburg State Teachers College and Harvard University. For seven years Mr. Whalen was educational advisor with the Civilian Conservation Corps. In 1941 he was appointed to the staff of the National Catholic Community Service, a member organization of USO, as USO Club Director in Lowell. His first Regional Staff position was Area Representative in the Myles Standish district. Mr. Whalen has been serving USO as Associate Regional Executive since March, 1943, and this new position is the highest USO executive position in New England.

☪ The officers of the class wish to acknowledge with gratitude the efforts of several loyal members who solicited contributions to the War Fund. In April, eleven members of the class had contributed \$340.00. According to latest reports, the number of contributors is now thirty, and the amount \$1,328. Paul L. Flynn, Class President, wishes to thank the following for their efforts in helping to swell the fund: Father Stephen F. Moran, Father M. Joseph Norton, Father Richard A. Rogers, Dr. James F. Gallagher, Edward S. Farmer, John J. Walsh, Thomas A. Donnelly and John A. Lahive.

The thirteenth anniversary of the class will be observed in June, 1945. Contributions to the War Fund during the current year will be included

in the class gift to be presented to the college in June.

Robert J. Burns reports the following on his four soldier sons: Robert, Jr., a lieutenant in the Sixth Armored Division, has been in action in France for the past two months. William, Technical Sergeant, USAAF, is still a prisoner in Germany. Thomas, Technical Sergeant, USAAF, is now stationed at Langley Field, Virginia, as a radio operator, after completing twenty-six bombing missions over Europe. 1917

THOMAS D. CRAVEN

42 Mellen Street, Dorchester

 **Father Tony Lavery** is entitled to the everlasting gratitude of not only the members of this class but also of the College itself for his unselfish devotion and his boundless energy in the War Fund. The pride that this class may have in its part in the Drive is directly due to his efforts. The following was received by the class members early in June:

D-Day at B. C.

"What meaning has it, soldier,

A tower, bell and tree?"

"NOTHING, NOTHING, ONLY ONCE
IT MEANT MY LIFE TO ME!"

"What meaning has it, brother,

On this morn of bitter strife?"

"EVERYTHING! EVERYTHING!

I GUARD IT WITH MY LIFE!"

Paul Waters in his usual reticence had remained in the background for some years. When the College needed help and needed it as never before Paul, true to the loyalty that has been characteristic of him, was found in the forefront. Nice work, Paul.

Father Frank Coffrey, M.M., has been transferred from Los Angeles to Hawaii, according to **Jim Kelley**.

Jim Kelley is responsible, though not directly, for a story from Lowell about a pair of spike shoes and a member of the local P. D. Jim is a hustler. Hence we are wondering about his need for trock shoes and protection.

Tom Printon, a resident of South Orange, N. J., and V. P. of the Na-

tional Oil Products of Patterson, spent his vacation with his family at Falmouth Heights. Tom charmed the summer colony with his tenor voice. Tom made a big hit with "Suzzy." **Marty Higgins** having recovered from his illness returned to his activities with the Internal Revenue Office and shortly thereafter was sent out in the "field" in charge of the inspectors whose job it is to see to it that we have five dollar stamps on our windshields.

George O'Day has been found after a number of years living right here in Chestnut Hill.

Father Frank Quinn, pastor of St. Joseph's Church in the West End, suffered the loss of a brother. We extend our sympathy to Father Quinn and his family in their bereavement.

Eddie Austin recently related to us some of his interesting experiences as a food inspector for the State. Little do we consumers of food realize the activities of these inspectors who are on the search for contaminated food.

Jock Fleming in Houston, Tex., will be glad when the summer is over. It will mean the return of Mrs. Fleming who has been visiting her folks in Cambridge. Jack and the four young Flemings have been keeping house in the Texas heat.

Frank Limont and family have moved from Hyannis to Pittsfield where Frank has taken up new duties in the insurance business. Frank's two boys will be missed by the Notre Dame "Irish" this fall on account of their enlistment in the Navy. Paul was regular end last year and played a "sweet" game throughout the season. **Father Frank Morrissey** has been transferred to the Sacred Heart Church, East Cambridge.

Father Donald Simpson has been transferred to St. Joseph's Needham.

1919

FRANCIS D. SHEA

56 Richwood Street, West Roxbury

 1919 joined the Bald Eagles! We celebrated our 25th anniversary last June. About forty members of the class were present at the Class Dinner held at the Parker House. Several long lost brothers showed up. We hope we don't have to wait another twenty-five years for them to reappear. The first week-end in June the class held its first annual (we hope) retreat at Compton Hall. Six-

teen of us enjoyed the hospitality of Father McGrory, S.J., and the talks of Father Francis Low, S.J., as retreat master. Arrangements have already been made for the second annual retreat in June of 1945 with the same host and the same retreat master.

On Alumni Day the class joined the general Alumni body for dinner at the Heights. At the class meeting which followed, new officers were elected. **Jimmie Riley** of Lowell was installed as President, and **Bill Kirby** passed on the perennial class deficit to **Frank Shea**.

The class has lost one of its most loyal members in the death of **Dr. Edward Kickham**. Ed had been our president for the last ten years. He directed the efforts of 1919 in the War Fund Drive, and what success the class has had is due largely to his good work. We extend our deepest sympathy to Mrs. Kickham. May his soul rest in peace!

J. ROBERT BRAWLEY

33 Pomfret Street, West Roxbury

dere john; i want to thank you for the lovely card you sent me demanding these overdue notes but if you had the detroit district monager of the norfolk and western r. r., the consultant for the sixth service command on the solid fuels administration for war and one of the regional engineers for the solid fuel commission in to see you, all of whom turned out to be one **fred donaher**, you'd be a little slow too, in writing down all of that and anyway, he just missed his old pal, **wolter kiley**, who is now at the war college at newport, r. i. after travelling 9000 miles in 4 and 1/2 days from the south pacific where he saw 18 months service as a lieutenant commander and was in all the major actions around the gilbert and marshall islands and it was good to see him because he and **gus horgon** who is majoring in france are about all we have left in the service who are seeing active duty which is another way of admitting that old age is creeping up on the gang **louie kone** to the contrary with a brand new daughter (5 lbs. 9 oz.) born august 29) and they even sent **ed mckeown** home from the army which is o.k. because now we'll be able to have more of the forty thieves at the 25th annual class banquet in

november and we're hoping to get **ned finnegan, john kerrigan, ed keller, johnny donohue** and all the others who have been missing through the years back again as well as **tom scanlan** who is recovering after a tough session with the medics and in reply to that other crack, john, on your card that an accountant has figured out for the alumni association that it has cost more money notifying me about class notes than to print the whole alumni news, i just want to tell you to get rid of that bird at once as i think you're stuck with the same guy that used to figure my income tax.

bob brawley
The sympathy of the class is extended to the family of the late **Joseph D. Degnan** of Lawrence, who passed away to his eternal reward on July 6.

Lt. Col. Edward McDonaugh is now overseas.

1921

GORDON F. IRONS

9 Emmansdale Road, West Roxbury

 We take pride in the fact that **Jerry Mahaney**, our class president, was awarded the William V. McKenney medal this year.

Father Edward J. Ronan of St. Mary's Church, Dedham, has been appointed a military chaplain and is now at Camp Devens.

Mark Russo directed the players of the Boys' Latin-Girls' Latin dramatic clubs in an excellent production of "Spooks" last May.

Judge Frank W. Tomasello was elected a director of American Relief for Italy, Inc.

John J. McGrath was a member of the Summer Review High School faculty last summer. He also raised a very fine Victory Garden and was very proud of his tomatoes.

The sympathy of the class is extended to **Judge John Burns** on the death of his brother, Dr. Edward J. Burns, '32. We also extend our sympathy to **Father John E. Mullarkey**, whose mother passed away recently. Father Mullarkey is the director of Catholic Charities Center, Salem.

John Gegan is now a lieutenant colonel serving with the American forces in France.

Lea Callanon is first secretary to the legation at Rio de Janeiro, Brazil, as of July 1.

Father Alfred Sheehan has been transferred to the Precious Blood Church, Hyde Park.

1922

NATHANIEL J. HASENFUS

15 Kirk Street, West Roxbury

 Sixty-four members of the class have contributed to the drive—about 50 per cent, for we were 138 strong twenty-two years ago and we now number about 128. Class officers, remembering our motto, hope that more men will join the sixty-four.

D-Day was made more bearable for many by the self effacing toil and inspiring council of **Lt. Commander Leonord McMahon**, the Navy chaplain who has been abroad several months . . . perhaps he will meet **Capt. Frank Daly**, who has been assigned overseas likewise (APO 9245 c/o P. M. New York); his promotion from 1st lieutenant to captain came a short time ago. Frank joined the Air Corps as a private, was transferred to the Judge Advocate's staff and has climbed rapidly.

Capt. Frank Flynn wants letters from his friends. His address is Directory, Ground School, Shaw Field, Sumter, S. C.

We extend to **Len Healy** our sympathy on the passing of his mother in July.

Father Ed Sullivan, S. J., classmate at B. C. High, is Deon of Discipline at the College.

Cold weather is coming — See **Paul Duffley** who now not only insures us but then sells us insulation to make us live longer.

We expect 100 per cent of '22 behind **Henry Smith**, who has announced his candidacy for mayor. Henry is a natural leader and should make an excellent choice. His admirable work on the Boston School Committee has endeared him to both school authorities and parents alike. His work as a Trustee of the Boston Elevated has given him a real insight into transportation problems, his work as a broker and a department store executive has been an unusual business asset for a mayoralty candidate. His work on the Community Federation and his post as Salvage Administration are but few of the qualifications that he can bring to the city.

Thanks to all the classmates and alumni who were so generous with their letters after the appearance of

"Athletics at Boston College" in May. Their letters were an inspiration coming as they did from all corners of the world. Add the name of **Lawrence Curtin** as a sponsor of the volume.

Father John Kerrigan writes from Columbus, Ohio: "Shades of Father Fitzpatrick! I have been Prefect of Discipline at St. Charles' College here for over ten years. I keep in touch with B. C. affairs through the Alumni News." Father Fitzpatrick, by the way, is at St. Peter's College in Jersey City.

Members of B. C. H. '18 will be sorry to hear of the death of Francis Stetfield in August.

Tim McInerney is now a full colonel. His son has withdrawn from the college to enter the Air Corps.

Send me more news, the grist has all run out of the mill!

FRANCIS L. FORD

26 Ellison Avenue, Dorchester

 Over forty-five members of the class have responded to the War Fund of the College, and we are proud of their loyalty. Chairman **Ed Garriety** of the committee has been on the job even during the summer, and still is interested in any member who wishes to be enrolled among the loyal. In addition to the committee, Ed has been pleased with the special help given by fellows like **Cece McGoldrick, Frank Hickey, Jim McLaughlin**, and others who gave heed to Alma Mater's crucial call. One of the best and most appreciated remembrances was that of **Pete Monahan**—all the way from California. At this writing the goal is in sight. Help, if you have not already done so.

Lt. Owen A. Gallagher of the Navy arrived home in early summer on leave from his arduous duties in the South Pacific. His travels cover a great deal of ground and water, and encompass experiences hair-raising and thrilling. His boon companion, **Lt. Gaynor Wellings**, also of the Navy, was able to get to Boston to spend a week with him during his leave. We understand that Owen will be assigned to Quonset Point, Rhode Island for a time at least.

John Flavin pursues his legal and real estate interests in the Quincy area with his usual friendly attitude. Congratulations to **Tam Eccles** of English High School for his masterly

report of the Committee on Economic Research, conducted for the Boston Schoolmen's Economic Association. The report appeared in June and was the result of a tremendous amount of research on his part.

Our deep condolences to the **Rev. Charles H. Bryson**, ex-member of the class, on the death of his father which occurred on August 31. Fr. Bryson is stationed at Holy Name Church, West Roxbury.

Father Bill Callahan is now a captain in the Army. Father Callahan has served in North Africa, Algiers, Tunisia, Sicily and Palermo and he is still overseas.

If your reporter and still-ruling president does not get some new news of old fellows before the next edition of Alumni News, he may have to resort to a well-known noose.

WILLIAM ARTHUR REILLY
14 Arborway, Jamaica Plain

 The sympathy of the class is extended to **Dom Placid Carmey** of Portsmouth Priory on the death of his father in August.

A luncheon club has been started for members of the class of 1925.

Each Tuesday at 1:00 P. M., in the Cafe Rauge of the Hotel Statler members of the class are invited to assemble when in town and available for lunch at that time. No formalities and no reservations are involved. Those who can come are welcome and it is felt that many will be glad to have the chance of meeting their classmates now and then, knowing that they may be found at this location on any Tuesday at 1:00 P. M., during the winter months. Keep the day in mind and plan to be on hand as regularly as you can.

Boston newspapers during May displayed a photograph of **Louis R. Welch**, Head of the Physics Department at Boston English High School, giving instruction to a Pre-Driver Education Class at that school under the direction of the Massachusetts Registrar of Motor Vehicles.

The June issue of "Thought," the Catholic quarterly magazine published by Fordham University contained an article entitled, "Alexander Pope, 1744-1944, Satire and Sense" by **Dr. James E. Tabin**, our classmate, and members of the Fordham faculty. During May and June, **Herb Finnegan**, reported from the invasion front with special articles under his name in the local Hearst papers.

In the downtown retail circles **Ben Turbert** as Assistant Merchandise Manager at R. H. White's and **Stan Sepka**, Buyer of men's clothes, are upholding the class tradition. No discounts however, unless you are a member of the clergy.

1926

WILLIAM J. CUNNINGHAM
40 Tennyson Street, West Roxbury

 **Lt. Al Leonard** has been transferred to the Santa Ana Army Air Base, California, from Maxwell Field. Al says they think highly of B. C. out there, and predicts a game with Santa Clara after the war. Met Al's brother at Nantasket last summer; the family is still in real estate there. And speaking of that, "Old

Chevrolet" Cunningham has become "Real Estate" Cunningham, with "Ask Mr. Fowler." (plug).

Have heard from **Frank Russell** of Plainville. He's out in Joliet, Illinois. Don't jump to conclusions. He's with the Advance Base Division of the Bureau of Yards and Docks. He's all steamed up over his first born, Edward Francis Russell II, who landed on this peaceful planet August 26. His wife is the former Katherine Devlin of Roslindale. Frank says they are waiting until the baby is a little older before telling him who his father is. While Russ was recuperating from a major operation in Mercy Hospital out there, **Larry Killelea**, the old pale vaulter, dropped in on him. Larry is doing well with the Hercules Powder Company, operating out of Chicago. He also met **Paul Ludovic's** wife, and Paul at the time was at Gulfport, Miss., in the Navy.

Do not forget our insurance plan. **John Dooley** did a fine job on his report, and is quite convinced it's worth while for the College. His address is 43 Roslin Street, Dorchester. **Doc Johnny Fallon**, living in Cohasset, tells me **Doc Al Fallon** is in the service, Army, I think he said. He also tel lsme that **Jim Dannellan**, now out of the service, was out to see him and looks well. Will you ever forget those episodes at the Mayflower in 1926 when we brought Jimmie in from the coping outside a third floor window? Seems to me I remember poor **Grat O'Connell** closing the door on Jim's fingers, and that gallon jug tied to the golf bag on the course! John also said that **Ed McDevitt** of the P. O. became the father of a son on May 4. **Art Gorman** delivered Edward P., Jr., at St. Elizabeth's. Ed sometimes meets **Tom Geagan**.

Dr. Harry Campbell, besides his private practice, is also doing government work at the Federal Building taking care of the employees. For you B. C. High grads. Met Dentist Earl Campbell at Trapelo recently. Bigger and just as genial he's practicing on Moody Street in Waltham.

Ed Killian has been promoted to the rank of commander at the Navy Air Station at Pensacola.

 **Rev. Bernard A. Fiekers, S.J.**, was prominently mentioned in the press recently. As Professor of Chemistry at Holy Cross, he and his assistant have developed a machine for illustrating on a screen the fundamental principles governing molecular activity. Shades of "Chick" Evans, or was it Father Lynch? Anyway, '27 paid more than its share of the Science Building in "conditions." **Dr. William Fitzgerald**, Librarian and Archivist at Brooklyn Preparatory School, Brooklyn, N. Y., for sixteen years, has been appointed Librarian of the School of Medicine and Assistant Professor of Medical History at St. Louis University.

Comparatively speaking, the class of "1928" is holding its own in the Alumni Loyalty Fund. However, there are some high four figure members that have not sent in any contribution. Where is their loyalty and spirit?

1929

JOHN J. SPENCER

24 Cerdon Avenue, West Roxbury

Speaking of Kiev, the stork arrived again — a trifle early, necessitating a wild, early morning ride from East Bridgewater to the Faulkner Hospital. Mother and Brenda well.

THOMAS H. D. MAHONEY

51 Ellery Street, Cambridge

 At the outset, we wish to thank the many friends of the class who responded so generously to our last letter relative to the War Fund. As a result of your generosity, the number of contributors in our class has been nearly doubled. Donations are still coming in to Father Rector. If we can keep it up, we shall have a record of which to be proud.

Special thanks are due to the parents and wives of fellows serving overseas for their kind cooperation. Typical of the many letters sent me from this source is that from the mother of **Lt. Sam Leavis**, USA. She wrote that Sam had been in action on D-Day in the Normandy invasion, consequently he was a bit too busy to contribute himself. Hence, she did what she knew he would wish. She made an immediate contribution to Father Murphy in Sam's name.

We have made a good beginning but much remains to be done. The record of our servicemen in supporting the Drive has been impressive. Unfortunately, too many of those on the home front have failed to keep pace. If this applies to you, how

about remedying the situation by sending in your donation NOW?

Dr. Bill Ryan maintains an office at 431 Main Street, Palmer, Mass.

Bill Palmer is now living in Cotonsville, a suburb of Baltimore, Md.

Jim O'Hearn has left Washington for Cincinnati. He is engaged in a one-man effort to raise the class total in the War Fund Drive by sending in his **second** check. Nice work, Jim! **Larry Smith** has been overseas with the Fifth Army since last summer and has seen considerable action in Italy. The mother of **Lt. Gerry Burke, USA**, and the wife of **Lt. Charlie Sampson, USA**, recently made fine contributions to the fund. They were accompanied by gracious letters explaining that Gerry and Charlie are stationed abroad.

Rev. Louis J. Delahoyde is engaged in missionary work among the Indians of South Dakota.

Representing the class at Alumni Day were: **Lt. (j.g.) Tom Sherman, USNR**, **Ensign George Mahoney, USNR**, **Lt. Mark Sullivan, USA**, **Charlie Magner** of the Border Patrol Service, and the writer. Magner recently became a proud father, so congratulations are in order.

Lt. Frank Mahoney, USNR, called up during a recent brief visit home. He is with the Naval Department's Office of Communications in Washington.
